Hi, this is Tokumi. And this is my 53rd Saki doujin.
Here's my attempt at warm and fuzzy Bucap!
Originally I was planning on publishing this doujin along with another -- slightly weird -- one, so I thought it would be okay to draw this one leisurely.
But I couldn't complete the other one in time, so this one is particularly conspicuous in its leisure-like tone!

Be that as it may, Bucap is really cute.
Thank you for having accompanied me this far.
